City of Kannapolis City Council Meeting July 11, 2022 Staff Report

TO:	Mayor and City Council
FROM:	Kristin Jones, Assistant to the City Manager Alex Anderson, Water Resources Director
TITLE	FY 23 Fee Schedule Amendment

A. Action Requested by City Council

Motion to adopt the amendment to the FY 23 Fee Schedule.

B. Required Votes to Pass Required Action

Majority present at meeting

C. Background

The biggest change to the fee schedule with the adoption of the FY 23 budget was the increase of the tap fee (for water and sewer) from \$3,000 combined to \$7,500 combined in order for the City to recover cost in providing this service. This increased the water tap fee on the 3/4 inch line by \$1,950 overall or from \$1,300 to \$3,250 and the sewer fee by \$2,550 overall or from \$1,700 to \$4,250. The increase on the water tap fee was only applied to the 3/4 inch line and **should have been adjusted incrementally by the \$1,950 increase based on the size of the waterline.** The sewer line increase is only applied to the 4 inch line-per the fee schedule.

This amendment to the fee schedule increases the individual water tap fees by the same increase as the 3/4 inch, which was adopted with the FY 23 budget.

- The 1 inch service is increasing from \$1,500 to \$3,450
- The 1-1/2 inch is increasing from \$1,800 to \$3,750
- The 2 inch is increasing from \$2,100 to \$4,050

D. Fiscal Considerations

Adjusts the water tap fee by the approved \$1,950 incremental increase based on the size of the water line.

E. Policy Issues

None.

F. Legal Issues

None.

G. Alternative Courses of Action and Recommendation

- 1. Motion to adopt the amendment to the FY 23 Fee Schedule (Recommended).
- 2. Do not adopt the amendment to the FY 23 Fee Schedule.
- 3. Table to a future meeting.

TITLE	Development Agreement Relating to Approval of Sewer Allocation Permit(s) Bakers Creek Development

A. Action Requested by City Council

- 1. Conduct a Public Hearing
- 2. Motion to approve the Resolution adopting the Ordinance approving the execution of the Development Agreement

B. Required Votes to Pass Required Action

Majority present at meeting

C. Background

On December 12, 2021, the City Council adopted a Sewer Allocation Policy to "provide for the judicious allocation" of the City's limited wastewater treatment capacity. To do so the Council adopted a fair and reasonable method for strategic allocation of this resource among qualifying public and private land development interests. The allocation process will be administered by issuing permits to projects which meet specified City interests and goals. In the case of private commercial and residential permit recipients it has become clear that once a permit is awarded, it is necessary to require the developer to guarantee completion of the project, as presented, within a specified time period. In the event of failure to meet these requirements the allocation could be rescinded and awarded to another qualified party.

The method of acquiring that contractual guarantee would be accomplished by a Development Agreement a form of which is presented to Council at his meeting for consideration, public comment and approval. The first project for consideration of the above described development agreement is a 106.232 acre, proposed 329-lot single-family residential subdivision, located west of North Main Street and south of West 21st Street in the Rowan County portion of the City. The development agreement with Bakers Creek Development, LLC calls for one phase of 100 lots and two subsequent phases of 125 lots per phase.

D. Fiscal Considerations

E. Policy Issues

A Development Agreement adopted by Ordinance is required for all projects receiving a Sewer Allocation Permit pursuant to the City Sewer Allocation Policy.

F. Legal Issues

A Development Agreement adopted by Ordinance is required for all projects receiving a Sewer Allocation Permit pursuant to the City Sewer Allocation Policy.

G. Alternative Courses of Action and Recommendation

- 1. Motion to approve the Resolution adopting the Ordinance approving the execution of the Development Agreement (Recommended)
- 2. Amend and then approve the Resolution.
- 3. Reject the Resolution.
- 4. Table action to a future meeting.

DEVELOPMENT AGREEMENT BY AND BETWEEN

THE CITY OF KANNAPOLIS, NORTH CAROLINA

AND

BAKER'S CREEK DEVELOPMENT

_____, 2022

Staff Only: Approved Section <u>VIB3</u>

DEVELOPMENT AGREEMENT

THIS DEVELOPMENT AGREEMENT (together with the Exhibits attached hereto, (the "Agreement") is entered into effective as of the _____ day of _____, 20___ (the "Effective Date"), by and between the City of Kannapolis, a municipal corporation of the State of North Carolina (the "City") and BAKERS CREEK DEVELOPMENT LLC, a Delaware limited liability company (with its successors in interest, (the "Developer"). The City and the Developer are sometimes separately referred to in this Agreement as a "party" or jointly referred to as the "parties".

LEGAL FRAMEWORK

The North Carolina General Statutes ("N.C.G.S.") §160D-1001 through §160D-1012, as they exist on the Effective Date of this Agreement (the "Development Agreement Act"), enables cities to enter into binding development agreements with entities intending to develop real property under certain conditions set forth in the Development Agreement Act.

N.C.G.S. 160D-1001(a)(1) provides that "Development projects often occur in multiple phases over several years, requiring a long-term commitment of both public and private resources."

N.C.G.S. 160D-1001(a)(3) provides that "Because of their scale and duration, such projects often require careful coordination of public capital facilities planning, financing, and construction schedules and phasing of the private development."

N.C.G.S. 160D-1001(a)(4) provides that "Such projects involve substantial commitments of private capital, which developers are usually unwilling to risk without sufficient assurances that development standards will remain stable through the extended period of development."

N.C.G.S. 160D-1001(a)(5) provides that "Such developments often permit communities and developers to experiment with different or nontraditional types of development concepts and standards, while still managing impacts on the surrounding areas."

N.C.G.S. 160D-1001(a)(6) provides that "To better structure and manage development approvals for such developments and ensure their proper integration into local capital facilities programs, local governments need flexibility to negotiate such developments."

In view of the foregoing, N.C.G.S. §160D-1001 through §160D-1012 expressly authorize local governments and agencies to enter into development agreements with developers pursuant to the procedures and requirements of N.C.G.S. 160D-1001 through 1012, which procedures and requirements include approval of the development agreement by the governing body of the local government by ordinance after a duly noticed public hearing.

N.C.G.S. 160D-1004 provides that "a local government may enter into a development agreement with a developer for the development of property as provided in this Article for developable property of any size," and that "development agreements shall be of a reasonable term specified in the agreement."

In addition to any force of law conferred upon this Agreement by North Carolina law related to local governments, the terms of this Agreement are also contractual in nature, are a significant inducement and consideration to enter into this Agreement and may be enforced as contractual terms.

Section _____ of the City's Development Ordinance (the "KDO") or the Unified Development Ordinance ("UDO") if in effect upon the Effective Date authorizes the use of development agreements and provides additional requirements for such agreements.

TITLE	Development Agreement Relating to Approval of Sewer Allocation Permit(s) Emerson Glen

A. Action Requested by City Council

- 1. Conduct a Public Hearing
- 2. Motion to approve the Resolution adopting the Ordinance approving the execution of the Development Agreement

B. Required Votes to Pass Required Action

Majority present at meeting

C. Background

On December 12, 2021, the City Council adopted a Sewer Allocation Policy to "provide for the judicious allocation" of the City's limited wastewater treatment capacity. To do so the Council adopted a fair and reasonable method for strategic allocation of this resource among qualifying public and private land development interests. The allocation process will be administered by issuing permits to projects which meet specified City interests and goals. In the case of private commercial and residential permit recipients it has become clear that once a permit is awarded, it is necessary to require the developer to guarantee completion of the project, as presented, within a specified time period. In the event of failure to meet these requirements the allocation could be rescinded and awarded to another qualified party.

The method of acquiring that contractual guarantee would be accomplished by a Development Agreement a form of which is presented to Council at this meeting for consideration, public comment and approval. The project for consideration of the above described development agreement is a 46.74 acre, 86-lot single-family residential subdivision on Jim Johnson Road with M/I Homes of Charlotte, LLC. The development agreement calls for one phase of 86 lots.

D. Fiscal Considerations

None

E. Policy Issues

A Development Agreement adopted by Ordinance is required for all projects receiving a Sewer Allocation Permit pursuant to the City Sewer Allocation Policy.

F. Legal Issues

A Development Agreement adopted by Ordinance is required for all projects receiving a Sewer Allocation Permit pursuant to the City Sewer Allocation Policy.

G. Alternative Courses of Action and Recommendation

- 1. Motion to approve the Resolution adopting the Ordinance approving the execution of the Development Agreement (Recommended)
- 2. Amend and then approve the Resolution
- 3. Take no action
- 4. Table action to a future meeting

WASTEWATER ALLOCATION DEVELOPMENT AGREEMENT BY AND BETWEEN

THE CITY OF KANNAPOLIS, NORTH CAROLINA

AND

M/I Homes of Charlotte, LLC

_____, 2022

Emerson Glen

Staff Only: Approval Section _____

DEVELOPMENT AGREEMENT

THIS DEVELOPMENT AGREEMENT (together with the Exhibits attached hereto, (the "Agreement") is entered into effective as of the ______ day of ______, 2022 (the "Effective Date"), by and between the City of Kannapolis, a municipal corporation of the State of North Carolina (the "City") and M/I Homes of Charlotte, LLC, a North Carolina limited liability company (with its successors in interest, (the "Developer"). The City and the Developer are sometimes separately referred to in this Agreement as a "Party" or jointly referred to as the "Parties".

LEGAL FRAMEWORK

The North Carolina General Statutes ("N.C.G.S.") §160D-1001 through §160D-1012, as they exist on the Effective Date of this Agreement (the "Development Agreement Act"), enables cities to enter into binding development agreements with entities intending to develop real property under certain conditions set forth in the Development Agreement Act.

N.C.G.S. 160D-1001(a)(1) provides that "Development projects often occur in multiple phases over several years, requiring a long-term commitment of both public and private resources."

N.C.G.S. 160D-1001(a)(3) provides that "Because of their scale and duration, such projects often require careful coordination of public capital facilities planning, financing, and construction schedules and phasing of the private development."

N.C.G.S. 160D-1001(a)(4) provides that "Such projects involve substantial commitments of private capital, which developers are usually unwilling to risk without sufficient assurances that development standards will remain stable through the extended period of development."

N.C.G.S. 160D-1001(a)(5) provides that "Such developments often permit communities and developers to experiment with different or nontraditional types of development concepts and standards, while still managing impacts on the surrounding areas."

N.C.G.S. 160D-1001(a)(6) provides that "To better structure and manage development approvals for such developments and ensure their proper integration into local capital facilities programs, local governments need flexibility to negotiate such developments."

In view of the foregoing, N.C.G.S. §160D-1001 through §160D-1012 expressly authorize local governments and agencies to enter into development agreements with developers pursuant to the procedures and requirements of N.C.G.S. 160D-1001 through 1012, which procedures and requirements include approval of the development agreement by the governing body of the local government by ordinance after a duly noticed public hearing.

N.C.G.S. 160D-1004 provides that "a local government may enter into a development agreement with a developer for the development of property as provided in this Article for developable property of any size," and that "development agreements shall be of a reasonable term specified in the agreement."

In addition to any force of law conferred upon this Agreement by North Carolina law related to local governments, the terms of this Agreement are also contractual in nature, are a significant inducement and consideration to enter into this Agreement and may be enforced as contractual terms.

Wherever said consent or approval is required, the same shall not be unreasonably withheld. In the event state or federal laws or regulations prevent or preclude compliance with one or more provisions of this Agreement, the pertinent provisions of this Agreement shall be modified or suspended as may be necessary to comply with the state or federal laws or regulations. In such event, compliance with all other provisions of this Agreement shall remain unaffected and unmodified.

City of Kannapolis City Council Meeting July 11, 2022 Staff Report

TO:	Mayor and City Council
FROM:	Richard Smith, Planning Director
TITLE	Resolution CPA-2022-02 - Amend 2030 Comprehensive Plan Future Land Use Designation

A. Action Requested by City Council

- 1. Hold Public Hearing on request to amend Move Kannapolis Forward 2030 Comprehensive Plan Future Land Use and Character Area Map.
- 2. Motion to approve a Resolution amending the Move Kannapolis Forward 2030 Comprehensive Plan - Future Land Use and Character Area Map in the area east of the Interstate 85 and Lane Street interchange area from "Future Planning Area" to "Employment Center" and "Complete Neighborhood 2" Character Area, with the residual area closest to China Grove Road and outside the Primary Activity Interchange and Employment Center of the old stadium area will also be designated "Complete Neighborhood 2".

B. Required Votes to Pass Required Action

Majority present at meeting

C. Background

In March 2018, the City Council adopted the Move Kannapolis Forward 2030 Comprehensive Plan. This plan includes a "Future Land Use and Character Map", which provides guidance for future land development in the City of Kannapolis.

At a March 29, 2022, Special Meeting of the Planning and Zoning Commission, the Commission recommended to City Council, among other amendments, to amend the Comprehensive Plan Future Land Use Map so that the area near the eastern terminus of Lane Street, south on Irish Potato Road to just south of Barrier Road, running back west to Centergrove Road area would be changed from Future Planning Area to "Complete Neighborhood 2" designation.

City Council recently adopted the other amendments as recommended. After further research and review, however, staff found that the area closest to Lane Street and the intersection with Old Salisbury-Concord Road was perhaps more suited for a more non-residential type designation than the previously recommended designation of Complete Neighborhood 2.

After further review, staff has determined that the area around Lane Street and the intersections with Old Salisbury-Concord Road and Turkey Road is better suited for an "Employment Center" designation on the Future Land Use Map. The residual area closest to China Grove Road and outside the Primary Activity Interchange and Employment Center of the old stadium area will also be designated "Complete Neighborhood 2". The areas south on Irish Potato Road to just south of Barrier Road, running back west to Centergrove Road area remain suited to be changed from Future Planning Area to "Complete Neighborhood 2" designation, as previously discussed.

The Planning and Zoning Commission recommended approval to City Council at their regular meeting held on June 21, 2022 meeting.
